

Raising Eco Kids!

In this session, Green Leap talks about raising children with an environmental conscience. We provide loads of information on how you and your family can start living and thinking green! Here's what we go through at this eco party:

- Benefits of raising eco children
- Cloth Vs disposable nappies (if applicable)
 - Natural alternatives
 - Green games & activities

Eco Parties

Our eco parties are a fantastic way to learn about green living!

Each party is designed to be informative, fun and inspiring. If you want to adopt a more sustainable way of life then you'll love our parties! Basic information:

- Sessions can be hosted in homes and workplaces
 - Each session runs for about 2 hours
- You need a minimum of 5 attendees (including yourself)
- All hosts receive a special eco gift and can earn generous rewards!
 - Helpful information sheets are provided
- Ask us about our fundraising option for community groups and schools!
